Dear Governor Cooper,

I urge you and the Department of Environmental Quality to reject the 401 water permit for the Atlantic Coast Pipeline. We do not need this pipeline, and it will harm public health and waterways in some of our poorest and most vulnerable counties. North Carolina has the potential to be a leader in the transition to renewable energy. Let's put our energy there instead of into building more pipelines.

Your Constituent,
Kerry Bullock-Ozkan, PhD, CEM
